Seeding & straw mat on Greenbriar Ext.

Ditch Work in 2016

Full one sided construction was completed on a portion of Greenbriar Extension. This involved removing all stumps, shaping and seeding the side slopes, fixing the tile outlets, installing numerous rock side inlets and excavating the bottom to grade. All of the above improvements were made from Ridgeway Road to London Road.

Blue Anderson Ditch was cleaned back to grade in its entirety. All tile outlets and side inlets were repaired and trees were removed.

We try to do our part in being a "Greener" Department. If you would like to help by receiving this Annual Newsletter via Email, Contact Jenny Griffin at 740-474-3360 or jgriffin@pickawayengineer.org Together WE can make a difference!

PCE crews cleaning Greenbriar Ext.

Still on the Agenda

As weather permits this season, Pickaway County Engineer crews will work on cleaning and miscellaneous repairs to the following Maintenance Ditches:

- Greenbriar Extension from London Road to S.R. 62
- Congo Ditch - cleaning back to grade, repairing side slopes and tile outlets for the entire length and tree removal
- Metzger/Ewing/Johnson Ditch – cleaning back to grade, repairing side slopes and tile outlets for the entire length.
- Mowing and spraying. Various tile and crossing repairs.

New Signs

New Signage has been installed at each ditch site to allow contractors, landowners, and farmers to better identify the ditches. This should help when answering questions or concerns regarding the maintenance ditches.

2017 Ditch Mowing

All of the maintenance ditches were mowed twice in 2017. Several ditches were also sprayed for cattails, bulrush and woody vegetation.

ANNUAL DITCH MAINTENANCE NEWSLETTER

DITCH	LAND OWNERS	NEW BASE COST	BASE COST/REVW	2017 BEGINNING BALANCE	2017 ASSESSMENTS TO BE COLLECTED	2017 EXPENSES TO DATE
